SIMPLE TIPS FOR CASH MANAGEMENT

F E B R U A R Y 2 0 2 1 | P A G E 2

In world, many techniques are practiced by businesses to limit the working money balance necessity. Hereunder, we share some proven money-saving tips which will largely help you:

1. **Keep necessary cash for 6 months**When you are building up your savings, you should always maintain an approximate cash worth six months which can be easily accessed in any difficult situation if needed.
2. **Mange your risk**You should always be prepared for any unforeseen event. Insuring your health and other valuable assets keeps you cash healthy and provides you financial cover for the difficult times.
3. **Keep home and business cash separatelf** you run a business, it is advisable to maintain separate accounts for home and business. This way, you will have a clear idea about how much cash is spent on both the fronts
4. **Avoid instinctive buying**Experts advise you that you should prevent yourself from falling prey to buying temptation and instead, linger on your purchase for a later period and buy sensibly.
5. **Cash on your assets**You should review your business and personal assets from time to time and sell out any redundant assets to make some cash out of it
6. **Lease things instead of buying**As a last tip, we suggest that you must try to lease out things that you can to avoid blocking too much cash in these assets.

VAT RETURNS FILING PACKAGE

F E B R U A R Y 2 0 2 1 | P A G E 3

Are you often left perplexed by all the paperwork and calculations required to file the UAE VAT returns every month/quarter?

If yes, you should use the services of a professional accountant rather than trying to handle tax returns on your own.

There are many advantages of using a professional accountant for VAT return filing:

- Using a professional can help you to file your taxes correctly, securely, professionally and prevents you from making any costly mistakes.
- Accountants can also assist you if you need to amend any previous returns/if you failed to file necessary VAT returns in the past.
- They are qualified to handle any unusual or complex tax situations that you might face.
- They keep you updated on all the amendments and modifications in the VAT law related to your company's business.- Prepare VAT Returns Filing Calculation

WE AT ACCOUNTANTS BOX HAVE CURATED A SPECIAL 'VAT RETURNS FILING PACKAGE' WHEREIN WE PROVIDE THE FOLLOWING SERVICES:

WE OFFER THE FOLLOWING SERVICES THEREIN:

- Receive and review data for tax.
- Prepare VAT returns calculation.
- Prepare Financial Reports
- Keep you updated on VAT Law.
- Answer any relevant tax query.
