# ACCOUNTING SOFTWARE COMPARISON BASED ON UAE MARKET

M A Y 2 0 2 1 | P A G E 3

The need for superior accounting services has been on the rise as the SME world is growing at an exponential rate. Let's have a look at the following three software and look at their pros and cons:

1. Xero: Xero is a website-based application and a one-stop for most of your accounting solutions.

**•Pros:**

- Simple Payroll Feature
- No limit to no of users

**Cons:**

- Tax Report not designed as per UAE
- RCM doesn't work

2. QuickBooks: QuickBooks is an easy-to-use software for small and medium enterprises.

**•Pros:**

- Affordable Pricing
- Supports multiple 3rd party software

**Cons:**

- Has limit to number of users
- Lacks industry-specific features

3. Zoho: Zoho provides accounting solutions and allows interconnects with a vast array of useful products.

**•Pros:**

- Simplicity of use
- UAE tax structure enabled

**Cons:**

- Lacks payroll module
- Not well suited for large companies

## FABULAA APP

MAY 2021 PAGE 4

Fabulaa is a digital assistive tool designed to simplify the life of those individuals who struggle with simple daily conversations. Conversational breakdowns are common among people who are, but not limited to, hard of hearing, battling autism, or suffering from speech delays.

### Our Key Highlights:

- *Speech - Converts speech into text by allowing users to record messages and use their mobile device as a physical speech bubble.*
- *Phrases - A ready to use and easily editable preloaded library of commonly used sentences that are given a voice with the click of a button.*
- *Cards-Inspired by Augmentative and Alternative Communication (AAC) cards, this feature contains images that describe a single or more words. When clubbed together, these cards form a sentence for playback.*
- *Scribble - A freehand tool that allows you to draw objects or write sentences*

Fabulaa is free to download and easily available on the App Store and Google Play Store. With Fabulaa, we want to make tech accessible to all those who need it.

We want to create a product that

is

- Simple
- Affordable
- Accessible
- Reliable
- Accurate
- Adaptable
